Some Facts.

The census of 1850 shows a free white population in North Carolina of 577,750, and of this number 2,-524 are of foreign birth, the white persons of foreign birth bearing the proportion of one to two hundred and twenty-eight native citizens. The average number of votes cast is about one in every 61 of the free white population, which would give the whole vote cast by foreigners at 380, taking for granted that such is not so, by any means. KILLED .- A white man, named James Dyson, was run over and killed last Wednesday night, by the mail train, on the Wil. & Man. Railroad, near Porter Swamp, Columbus county, on the trip to this place. The deceased is said to have been intoxicated during the evening, at Cerro Gordo, which place he left about 10 o'clock, P. M., to go home. He leaves a wife and one child.
